## Product Highlight

### MAX WAX

Wireless wax tools for tree building

Made in USA  
by Eurotool

Special Offer:  
RS 1849.00 only!

The high degree of control provided by this convenient cordless pocket tool is ideal for wax carving, shaping and texturing tasks, and for quick touch-ups.

- Handy portable design is perfect for on-the-go modeling or spruing.
- Two long-lasting AA batteries provide power for precise carving, build-up and shaping, building sprue trees
- General-purpose wire-loop tip is well-suited to a variety of addition and subtraction wax-working techniques.
- Pocket clip depresses for instant heat and releases for quick cooling.
- Includes one changeable wire tip; an optional tip set is available
